Journal of Gastroenterology and Hepatology (2003) **18**, 1442–1460

Subject Index to Volume 18

Abstracts from Asia–Pacific Digestive Week 2003 A1

8p, 11p; loss of heterozygosity in chromosomes 430
^{123}I-metaiodobenzylguanidine; autonomic nervous dysfunction in liver cirrhosis 651
^{13}C-octanoic acid breath test; measured solid gastric emptying 41
^{13}C-urea breath test
  delta; in functional dyspepsia 726
  detection of *Helicobacter pylori* infection with 1237
6-trinitrobenzene sulfonic acid-induced colitis; pathogenesis of experimental colitis in mice 578

abdominal
  distension in irritable bowel syndrome (Images of Interest) 107
  pain
    Helicobacter pylori in upper abdominal pain 1018
    old man with jaundice and (Images of Interest) 223
ablation, radiofrequency; thermal ablative therapy (Review) 616
ablative therapy, thermal (Review) 616
abnormal gallbladder and anorexia, a boy with (Images of Interest) 739
abscess, aseptic subcutaneous, associated with ulcerative colitis (Letter to the Editor) 1214
absorption
  intestinal; ileal bile acid absorption 548
  polyamine absorption in small intestine 554
acid
  hyaluronic; and fibrosis in hepatitis C 253
  secretion; and somatostatin in gastric ulcer 505
active oxygen species; selectin on gastric microcirculation 47
acupuncture; as a risk factor for hepatitis (Review) 1231
acute
  intermittent porphyria, woman with (Images of Interest) 1101
  liver injury; usefulness of edaravone for liver injury 851
  pancreatitis
    bacterial translocation in (Letter to the Editor) 1214
    due to hydrocortisone in a patient with ulcerative colitis (Letter to the Editor) 1110
    immune function in 363
    in children 915
adenocarcinoma
  esophageal; cancer predictors in Barrett's esophagus 526
  mucinous; of the gallbladder (Case Report) 995
adenoma
  extrahepatic bile duct, in a patient with a choledochal cyst (Letter to the Editor) 351
  flat; and colonic in Malaysia 701
  focal nodular hyperplasia, and hemangioma of the liver, is there a common cause of? (Editorial) 357
  hepatic; focal nodular hyperplasia and hepatic hemangioma may have common origin (Case Report) 227
adenopathy, superior diaphragmatic, from primary hepatocellular carcinoma (Letter to the Editor) 352
adenosine
  hepatic ischemia reperfusion injury (Review) 891
  monophosphate, cyclic; aquaporin-3 by vasoactive intestinal polypeptide 203
adhesion molecule
  hepatic ischemia reperfusion injury (Review) 891
  rectal lymph node 970
  selectin on gastric microcirculation 47
adjuvant chemotherapy; dose for resectable hepatocellular carcinoma 450
age, children's, effects hepatitis B vaccine response (Letter to the Editor) 750
alanine aminotransferase; interferon response to SEN virus 1144
alanyl-glutamine; and rat intestinal damage 719
albumin, serum; autoimmune hepatitis and liver function 371
alcohol, diabetic woman with chronic liver disease unrelated to a virus or (Images of Interest) 344
alcoholic liver disease
  intestinal barrier in health and disease (Review) 479
  pancreatic ductal changes in 1067
alleles; human leukocyte antigen-DRB1 and autoimmune hepatitis in Chinese 63
allergy, food; intestinal barrier in health and disease (Review) 479
aminoguanidine; polyamine absorption in small intestine 554
Amplicor hepatitis B virus Monitor test; real-time detection direct test for hepatitis B virus 1264
analysis
  discriminant; assessment of differentiation in hepatocellular carcinoma 273
  DNA microarray; novel shank-interacting protein in W/W^{v} mice 712
  multivariate; characteristics of reflux esophagitis patients 172
  sequence; human leukocyte antigen-DRB1 and autoimmune hepatitis in Chinese 63
  survival; hepatitis C and renal transplantation 836
  two-compartment model; new preoperative asialoscintigraphy 99
anemia, iron-deficiency; *Helicobacter pylori*-associated 980
angio-computed tomography; computed tomography arterial portography and computed tomography hepatic arteriography of small hepatocellular carcinoma 1076
angiogenesis inhibitors; non-steroidal anti-inflammatory drugs and endothelial cells 1180

anion
-exchange resin; ileal bile acid absorption 548
organic; biliary excretion of bile acids and 815
ankle brachial index; *Helicobacter pylori* and pulse wave velocity 771
anorexia and an abnormal gallbladder, a boy with (Images of Interest) 739
antifibrotic; inefficiency of pentoxifylline and interferon-α 437
antigen
carcinoembryonic; γ-amino-butyric acid in colonic neoplasms 1089
human leukocyte antigen-DR; susceptibility to primary biliary cirrhosis in Brazil 1061
stool; tests for *Helicobacter pylori* 26, 732
anti-inflammatory agents; non-steroidal anti-inflammatory drugs and endothelial cells 1180
antimicrobial susceptibility; microbiology of bile in choledocholithiasis 333
antioxidant; effect of rabeprazole on *Helicobacter pylori* gastritis 787
antipyrine clearance; autoimmune hepatitis and liver function 371
antisense gene; transfection 296
antral diaphragm (Images of Interest) 1103
apical membrane; preparation of rat colonocyte 809
apoptosis
antral in *Helicobacter pylori* gastritis 498
-inducing ligand receptors, tumor necrosis factor-related; in chronic gastritis 763
intestinal damage and irinotecan 1095
transforming growth factor-beta 1 system in chronic liver disease 1302
tumor necrosis factor-related apoptosis-inducing ligand and its receptors in chronic gastritis 763
usefulness of edaravone for liver injury 851
aquaporin; alteration after bowel resection 803
arterioportal fistula causing portal hypertension (Images of Interest) 873
arteriosclerosis; *Helicobacter pylori* and pulse wave velocity 771
ascites
chylous; and octreotide (Case Report) 1211
cirrhosis and portal venous obstruction in children 185
elevation of serum 1315
aseptic subcutaneous abscess associated with ulcerative colitis (Letter to the Editor) 1214
Asia; Rome II criteria for functional gastrointestinal disorder 796
Asia–Pacific region; Okuda Lecture: non-alcoholic steatohepatitis in 124
asialoglycoprotein receptor; new preoperative asialoscintigraphy 99
aspirate, small bowel; tropical sprue 540
aspirin; *Helicobacter pylori* and iron in the elderly 1024
assay, triple; interferon therapy in hepatitis C virus 68
atrophy
acid and somatostatin in gastric ulcer 505
characteristics of reflux esophagitis patients 172
atypia; gamma-amino-butyric acid in colonic neoplasms 1089
AUG2, AUG3; X proteins and cyclin kinase inhibitor regulation 376
autoimmune hepatitis
and human leukocyte antigen-DRB1 in Chinese 63
and liver function 371
associated with celiac disease in childhood: report of two cases 1324
epidemiology of autoimmune liver disease (Review) 1118
autonomic nervous system; lafutidine and hepatic blood flow 177

B0; alanyl-glutamine on rat intestinal damage 719
bacteria; microbiology of bile in choledocholithiasis 333
bacterial translocation in acute pancreatitis (Letter to the Editor) 1214
balloon-occluded retrograde transvenous obliteration; shunt obliteration and hepatic function 934
Barrett's esophagus
cancer predictors in 526
dysplasia; loss of heterozygosity in 683
lower esophagus in dyspeptic Iranian patients 315
barrier, intestinal; in health and disease (Review) 479
basic fibroblast growth factor; altered epimorphin in ulcerative colitis 570
B-cell lymphoma; p53, K-*ras* and microsatellite instability in gastric lymphomas 1047
Bcl-2; differential expression of heat shock protein 70, heat shock protein 110 and Bcl-2 in colorectal cancer 690
beta-catenin; sarcomatous hepatocellular carcinoma 415
bile
acid
and organic anions, biliary excretion of 815
ileal absorption 548
sulfate; ileal absorption 548
duct
ligation; inefficiency of pentoxifylline and interferon-alpha 437
stricture-dilatation; differential diagnosis of bile duct stricture 1287
microbiology of in choledocholithiasis 333
salt export pump; biliary excretion of bile acids and organic anions 815
biliary
cirrhosis, primary
endothelial nitric oxide synthase in 1150
epidemiology of autoimmune liver disease (Review) 1118
disease; acute pancreatitis in children 915
binding, *in vitro*; of hepatitis C virus to human cell lines 74
biological marker; calprotectin in gastroenterology (Review) 756
bleeding
as a result of hepatocellular carcinoma invasion of the gastrointestinal tract, octreotide for (Letter to the Editor) 231
colonic diverticulum (Images of Interest) 875
from gastric fundal varices, management of (Letter to the Editor) 112
gastrointestinal; non-steroidal anti-inflammatory drug use and *Helicobacter pylori* in peptic ulcers 18
iatrogenic gastrointestinal (Images of Interest) 225
peptic ulcer; endoscopic therapy for geriatric peptic ulcer 521

blood
flow
cerebral; in liver disease 1162
hepatic
lafutidine and 177
shunt obliteration and hepatic function 934
supply; computed tomography arterial portography and computed tomography hepatic arteriography of small hepatocellular carcinoma 1076
blue rubber bleb nevus syndrome (Letter to the Editor) 1000
Bouveret's syndrome (Images of Interest) 1210
bowel
disease, inflammatory
intestinal barrier in health and disease (Review) 479
smoking and ulcerative colitis 139
small, aspirate; tropical sprue 540
boy with anorexia and an abnormal gallbladder (Images of Interest) 739
breath test; tropical sprue 540
brush border enzymes; transcriptional factors in rat jejunum 705
burn; selectin on gastric microcirculation 47

CA19-9; gamma-amino-butyric acid in colonic neoplasms 1089
calprotectin; in gastroenterology (Review) 756
cancer
1-mm depressed type IIC minute colorectal (Letter to the Editor) 880
antigen 125; elevation of serum 1315
cholangiocellular, and hepatitis C (Images of Interest) 1317
colon
outcome of early colorectal 1175
proteasome and human leukocyte antigen class I in 32
gallbladder; in Pakistan 950
gastric; CYP2E1 polymorphism and 1257
cap polyposis (Images of Interest) 741
capsaicin-sensitive
nerves exert protection 1188
sensory neuron; lafutidine and hepatic blood flow 177
carbohydrate antigen 19-9 levels, elevated in a patient with choledocholithiasis (Letter to the Editor) 467
carbon tetrachloride; usefulness of edaravone for liver injury 851
carcinoembryonic antigen; gamma-amino-butyric acid in colonic neoplasms 1089
carcinogenesis, gastric
inducible nitric oxide synthase expression in gastric mucosa by NaCl 1039
nitric oxide in *Helicobacter pylori*-induced apoptosis and its significance in (Editorial) 1227
carcinoma
colonic (Letter to the Editor) 748
early hepatocellular; computed tomography arterial portography and computed tomography hepatic arteriography of small 1076
gallbladder 954
gastric; primary small cell, of the stomach (Case Report) 743
hepatocellular
adjuvant chemotherapy dose for resectable 450
albumin gamma-glutamyltransferase isoenzyme in 288
antisense gene transfection 296
assessment of differentiation in 273
CO-029 involvement in metastasis of 1309
collagen in 666
gender differences of survival in 267
giant hepatic hemangioma mimicking (Letter to the Editor) 112
hepatoma-derived growth factor in hepatocarcinogenesis 1293
in sustained responders of interferon-treated chronic hepatitis C (Editorial) 121
invasion of the gastrointestinal tract, octreotide for bleeding as a result of (Letter to the Editor) 231
loss of heterozygosity in chromosome 8p and 11p 430
oval cells in chronic liver injury (Review) 4
primary; superior diaphragmatic adenopathy from (Letter to the Editor) 352
sarcomatous 415
small; skip lymph node metastases from (Case Report) 345
neuroendocrine; primary small cell, of the stomach (Case Report) 743
primary bile duct, in histocompatibility antigen-identical twins (Letter to the Editor) 469
small cell; primary small cell, of the stomach (Case Report) 743
catenin; E-cadherin-catenin in gastric precancerous lesions 534
CD4
+ T-cell; immune function in acute pancreatitis 363
differential expression of CC chemokine receptor 5 and chemoattractant receptor-homologous molecule expressed on T helper 2 cells 1081
soluble; immune function in acute pancreatitis 363
CD81; binding of hepatitis C virus to human cell lines 74
celiac disease
in childhood, autoimmune hepatitis associated with: report of two cases 1324
intestinal barrier in health and disease (Review) 479
cell
-cycle entry; hepatic ischemia reperfusion injury (Review) 891
division; non-steroidal anti-inflammatory drugs and endothelial cells 1180
oval; in chronic liver injury (Review) 4
central nervous system; lafutidine and hepatic blood flow 177
cerebral blood flow; in liver disease 1162
channel, water; aquaporin-3 by vasoactive intestinal polypeptide 203
charge-coupled device microscope; liver cirrhosis and ischemic-reperfusion injury 1071
chemoattractant receptor-homologous molecule expressed on T helper 2 cells; differential expression of CC chemokine receptor 5 and 1081

chemokine receptor 5; differential expression of and chemoattractant receptor-homologous molecule expressed on T helper 2 cells 1081
chemoradiation, combined, gastric adenocarcinoma with Sister Mary Joseph's nodule successfully treated with (Letter to the Editor) 114
chemotherapy, adjuvant; dose for resectable hepatocellular carcinoma 450
children
acute pancreatitis in 915
age of effects hepatitis B vaccine response (Letter to the Editor) 750
cisapride for gastroesophageal reflux in 196
Helicobacter pylori in upper abdominal pain 1018
increase in Crohn's disease in 329
interferon-α for pediatric hepatitis C 411
seroepidemiology of hepatitis A virus in India 822
with chronic hepatitis B, failure of vaccine in 218
cholangiocarcinoma
and yellow nail syndrome, genetic hemochromatosis with normal transferrin saturation in a man with (Letter to the Editor) 1221
cancer and hepatitis C (Images of Interest) 1317
differential diagnosis of bile duct stricture 1287
in liver cirrhosis 337
cholangiogram; differential diagnosis of bile duct stricture 1287
cholangitis, primary sclerosing; epidemiology of autoimmune liver disease (Review) 1118
cholecystitis
acute, gallbladder aspiration for in high-surgical-risk patients (Letter to the Editor) 463
chronic; mucinous adenocarcinoma of the gallbladder (Case Report) 995
cholecystokinin; gut dysmotility in pancreatitis 57
choledochal cyst, extrahepatic bile duct adenoma in a patient with (Letter to the Editor) 351
choledocholithiasis
elevated carbohydrate antigen 19-9 levels in a patient with (Letter to the Editor) 467
microbiology of bile in 333
cholestasis
biliary excretion of bile acids and organic anions 815
obstetric; with elevated gamma glutamyl transpeptidase 1283
cholesterol, high-density lipoprotein; *Helicobacter pylori* and pulse wave velocity 771
choline
-deficient amino acid rats; hepatoma-derived growth factor in hepatocarcinogenesis 1293
rodent model of non-alcoholic steatohepatitis 1272
chromoendoscopy; flat colonic adenomas in Malaysia 701
chronic
active gastritis; antral apoptosis in *Helicobacter pylori* gastritis 498
cholecystitis; mucinous adenocarcinoma of the gallbladder (Case Report) 995
diarrhea; enzyme examination of the small bowel 53
gastritis; tumor necrosis factor-related apoptosis-inducing ligand and its receptors in 763
hepatitis B
failure of vaccine in children with 218
virus infection; increased CD8+ predicts response to treatment 645
hepatitis C
24-h decline of serum virus RNA 404
associated with monoclonal gammopathy of undetermined significance (Case Report) 459
hepatocellular carcinoma in sustained responders of interferon-treated (Editorial) 121
hyaluronic acid and fibrosis in 253
interferon-alpha for pediatric 411
N-nitroso-fenfluramine hepatotoxicity resembling (Letter to the Editor) 999
kidney failure; and renal transplantation 836
liver disease
epidemiology of autoimmune liver disease (Review) 1118
transforming growth factor-B in 393
pancreatitis; pancreatic ductal changes in alcoholic liver disease 1067
chyloperitoneum; chylous ascites and octreotide (Case Report) 1211
chylous ascites; and octreotide (Case Report) 1211
cimetidine; ecabet sodium for gastric ulcer 1029
cirrhosis
and portal venous obstruction in children 185
cerebral blood flow in liver disease 1162
erythropoietin and cirrhotic portal hypertension 1156
hyperplastic nodules in (Images of Interest) 599
liver
albumin γ-glutamyltransferase isoenzyme in hepatocellular carcinoma 288
and ischemic-reperfusion injury 1071
antibiotic resistance in peritonitis 927
autonomic nervous dysfunction in 651
cholangiocarcinoma in 337
collagen in hepatocellular carcinoma 666
Doppler ultrasonography in portal hypertension 424
elevation of serum 1315
peripheral neuropathy in 922
non-alcoholic steatohepatitis in Asia–Pacific region (Okuda Lecture) 124
primary biliary; susceptibility to in Brazil 1061
thrombopoietin, platelet-associated immunoglobulin G and hepatosplenic volume in liver diseases 638
cisapride; for gastroesophageal reflux in children 196
c-kit; exon 17 and 13 c-kit mutation in gastrointestinal stromal tumor 147
clarithromycin
and metronidazole, *Helicobacter pylori* resistance to in Japan 1202
-based triple therapy; *Helicobacter pylori* eradication and *vac*A genotypes 190
probiotic in resistant *Helicobacter pylori* 986
classification; gross appearance of hepatocellular carcinoma and E-cadherin 673
clearance
antipyrine; autoimmune hepatitis and liver function 371
novel *pre*-S2 mutant 1129
coagulation therapy, microwave; thermal ablative therapy (Review) 616

colestimide; ileal bile acid absorption 548
colitis
6-trinitrobenzene sulfonic acid-induced; pathogenesis of experimental colitis in mice 578
dextran sulfate sodium-induced; dextran sulfate sodium in interleukin-18 transgenic mice 960
ischemic; successful use of mesalamine in the treatment of chronic segmental lesion in a case of (Letter to the Editor) 882
microscopic; diarrhea associated with lansoprazole (Case Report) 602
ulcerative
acute pancreatitis due to hydrocortisone in a patient with (Letter to the Editor) 1110
altered epimorphin in 570
aseptic subcutaneous abscess associated with (Letter to the Editor) 1214
differential expression of CC chemokine receptor 5 and chemoattractant receptor-homologous molecule expressed on T helper 2 cells 1081
smoking and 139
collagen
in hepatocellular carcinoma 666
vascular disease; intestinal barrier in health and disease (Review) 479
colon
aquaporin alteration after bowel resection 803
cancer
outcome of early colorectal cancer 1175
proteasome and human leukocyte antigen class I in 32
colonic
carcinosarcoma (Letter to the Editor) 748
diverticulum, bleeding (Images of Interest) 875
transit time; gut dysmotility in pancreatitis 57
tumor; γ-amino-butyric acid in colonic neoplasms 1089
colonocyte; preparation of rat colonocyte apical membrane 809
colonoscopes, extending the shelf-life of decontaminated flexible (Letter to the Editor) 1004
colonoscopy, primary small intestinal lymphoma without symptom diagnosed by (Letter to the Editor) 605
colopathy; portal hypertensive 302
colorectal cancer
1-mm depressed type IIC minute (Letter to the Editor) 880
differential expression of heat shock protein 70, heat shock protein 110 and Bcl-2 in 690
early; outcome of 1175
flat colonic adenomas in Malaysia 701
synchronous and metachronous (Images of Interest) 457
combination; inefficiency of pentoxifylline and interferon-α 437
community gastroenteritis; cost of 322
computed tomography
angio-; computed tomography arterial portography and computed tomography hepatic arteriography of small hepatocellular carcinoma 1076
assessment of differentiation in hepatocellular carcinoma 273
differential diagnosis of bile duct stricture 1287
constipation; Rome II criteria for functional gastrointestinal disorder 796
Crohn's disease
altered epimorphin in ulcerative colitis 570
increase in children 329
cryotherapy; thermal ablative therapy (Review) 616
cyclic adenosine monophosphate; aquaporin-3 by vasoactive intestinal polypeptide 203
cyclophosphamide; alanyl-glutamine on rat intestinal damage 719
CYP2E1 polymorphism; and gastric cancer 1257
cyst
hepatic; long-term results of multiple minocycline hydrochloride injections for 595
mesenteric (Images of Interest) 993
cytokine
intestinal inflammation in tumor necrosis factor-alpha deficient mice 560
oval cells in chronic liver injury (Review) 4
cytometry, flow; tumor necrosis factor-related apoptosis-inducing ligand and its receptors in chronic gastritis 763
cytotoxic T lymphocyte
antigen-4 gene polymorphisms; susceptibility to primary biliary cirrhosis in Brazil 1061
hepatitis flare and anti-hepatitis B virus therapy (Review) 246
cytotoxin
-associated gene (*cagA*); *Helicobacter pylori* genotypes in peptic ulcer and gastritis 1244
vacuolating; *Helicobacter pylori* genotypes in peptic ulcer and gastritis 1244

DcR2; tumor necrosis factor-related apoptosis-inducing ligand and its receptors in chronic gastritis 763
delta ^{13}C-urea breath test; in functional dyspepsia 726
dextran sulfate sodium-induced colitis; in interleukin-18 transgenic mice 960
diabetes
fatty liver and metabolic diseases 588
type 2; non-alcoholic steatohepatitis in Asia–Pacific region (Okuda Lecture) 124
diabetic woman with chronic liver disease unrelated to a virus or alcohol (Images of Interest) 344
diagnosis
albumin γ-glutamyltransferase isoenzyme in hepatocellular carcinoma 288
differential; of bile duct stricture 1287
Helicobacter pylori stool antigen test 732
non-alcoholic steatohepatitis in Asia–Pacific region (Okuda Lecture) 124
simple diagnosis for *Helicobacter pylori* infection 1196
stool antigen tests for *Helicobacter pylori* 26
diaphragm, antral (Images of Interest) 1103
diarrhea
associated with lansoprazole (Case Report) 602
chronic; enzyme examination of the small bowel 53
Rome II criteria for functional gastrointestinal disorder 796
diet product 'Onshidou-Genbi-Kounou', Chinese, severe hepatotoxicity associated with (Letter to the Editor) 354
differential diagnosis; of bile duct stricture 1287
differentiation, histological; assessment of in hepatocellular carcinoma 273

discriminant analysis; assessment of differentiation in hepatocellular carcinoma 273
disease-free survival; adjuvant chemotherapy dose for resectable hepatocellular carcinoma 450
distension, abdominal in irritable bowel syndrome (Images of Interest) 107
diverticulum, bleeding colonic (Images of Interest) 875
DNA microarray analysis; novel shank-interacting protein in W/W^V mice 712
Doppler ultrasonography
  focal nodular hyperplasia and pseudotumor (Case Report) 1320
  in portal hypertension 424
dosage, different; low dosage of rabeprazole in eradication 783
DR4, DR5; tumor necrosis factor-related apoptosis-inducing ligand and its receptors in chronic gastritis 763
drug
  resistance, microbial; antibiotic resistance in peritonitis 927
  use
    hepatoprotectant use in Taiwan 868
    injecting; Australian women living with hepatitis C virus 841
dual effect of lafutidine on the gut and liver (Editorial) 237
duodenal ulcer; *Helicobacter pylori* eradication on water gastric emptying in patients with 1250
dyspepsia
  functional; ^{13}C-urea breath test in 726
  non-invasive strategy for dyspeptics (Review) 359
  Rome II criteria for functional gastrointestinal disorder 796
dysplasia; cancer predictors in Barrett's esophagus 526
dysplastic nodule
  loss of heterozygosity in chromosome 8p and 11p 430
  scirrhous 660

early
  colorectal cancer; outcome of 1175
  hepatocellular carcinoma; computed tomography arterial portography and computed tomography hepatic arteriography of 1076
ecabet sodium; for gastric ulcer 1029
E-cadherin
  -catenin in gastric precancerous lesions 534
  sarcomatous hepatocellular carcinoma 415
economics; cost of community gastroenteritis 322
elderly
  endoscopic therapy for geriatric peptic ulcer 521
  Helicobacter pylori, aspirin and iron in the 1024
elevated carbohydrate antigen 19-9 levels in a patient with choledocholithiasis (Letter to the Editor) 467
EM574, a motilide, has an orexigenic activity with affinity for growth-hormone secretagogue receptor (Letter to the Editor) 881
emptying, gastric; ^{13}C-octanoic acid measured solid 41
encephalopathy, subclinical hepatic; cerebral blood flow in liver disease 1162
endemic gastroenteritis; cost of community gastroenteritis 322
endoscopic
  hemostasis for radiation-induced gastritis using argon plasma coagulation (Letter to the Editor) 1215
  increase in Crohn's disease in children 329
  resection; outcome of early colorectal cancer 1175
  retrograde pancreatography; pancreatic ductal changes in alcoholic liver disease 1067
  treatment; for geriatric peptic ulcer 521
  ultrasound
    miniature ultrasound probe sonography in gastric mucosa-associated lymphoid tissue lymphoma 162
    para-esophageal collateral veins 309
endosonography-guided fine-needle aspiration biopsy caused dissemination in a case of intraductal papillary mucinous tumor 1323
endothelial
  damage; selectin on gastric microcirculation 47
  nitric oxide synthase; in primary biliary cirrhosis 1150
endothelium; non-steroidal anti-inflammatory drugs and endothelial cells 1180
enterocytes; transcriptional factors in rat jejunum 705
enteropathy, tropical; tropical sprue 540
enzymes, brush border; transcriptional factors in rat jejunum 705
epidemiology
  acupuncture as a risk factor for hepatitis (Review) 1231
  increase in Crohn's disease in children 329
epimorphin; altered in ulcerative colitis 570
eradication
  Helicobacter pylori
    and *vac*A genotypes 190
    furazolidone for 778
  therapy
    Helicobacter pylori stool antigen test 732
    low dosage of rabeprazole in 783
erythropoietin; and cirrhotic portal hypertension 1156
esophageal
  adenocarcinoma; cancer predictors in Barrett's esophagus 526
  injury as a result of ingestion of iron tablets (Letter to the Editor) 466
  intramural hematoma (Images of Interest) 1319
  loss of heterozygosity in Barrett's esophagus 683
  varices
    para-esophageal collateral veins 309
    sclerotherapy 910
  xanthoma (Case Report) 1105
esophagitis, reflux; characteristics of patients 172
ethanol
  and oxidative stress 858
  capsaicin-sensitive nerves exert protection 1188
etiology
  smoking and ulcerative colitis 139
  Wnt signaling in hepatocellular carcinoma 280
ex vivo; polyamine absorption in small intestine 554
exon 17 and 13 c-kit mutation in gastrointestinal stromal tumor 147
expanding horizons for the Journal: the role of the Journal of Gastroenterology and Hepatology Foundation (Editorial) 235
experimental hepatocarcinogenesis; liver pathology in hepatitis B 'x' transgenic mice 80
extending the shelf-life of decontaminated flexible colonoscopes (Letter to the Editor) 1004
extracorporeal shockwave lithotripsy; gallbladder dysfunction in cholelithiasis 157

extrahepatic
bile duct adenoma in a patient with a choledochal cyst (Letter to the Editor) 351
manifestation; Sjögren's syndrome and hepatitis C virus 258

factor analysis; Rome II criteria for functional gastrointestinal disorder 796
famotidine
and ranitidine, tolerance of 678
urea breath test and anti-ulcer drug administration 168
Fas antigen, soluble; immune function in acute pancreatitis 363
fat droplets around the liver and spleen (Letter to the Editor) 1223
fatty liver
disease; gene expression in steatosis and hepatitis C virus 386
Shionogi mice; hepatoma-derived growth factor in hepatocarcinogenesis 1293
fetus; rectal lymph node adhesion molecules 970
fibroblast growth factor, basic; altered epimorphin in ulcerative colitis 570
fibrosis
and hyaluronic acid in hepatitis C 253
gene expression in steatosis and hepatitis C virus 386
hepatic; inefficiency of pentoxifylline and interferon-alpha 437
transforming growth factor-beta 1 polymorphism and chronic hepatitis C virus 1139
fistula, arterioportal, causing portal hypertension (Images of Interest) 873
flat adenomas, colonic; in Malaysia 701
flow cytometry; tumor necrosis factor-related apoptosis-inducing ligand and its receptors in chronic gastritis 763
focal nodular hyperplasia
adenoma, and hemangioma of the liver, is there a common cause of? (Editorial) 357
and pseudotumor (Case Report) 1320
and hepatic adenoma and hepatic hemangioma may have common origin (Case Report) 227
focal spared lesion; focal nodular hyperplasia and pseudotumor (Case Report) 1320
follow-up studies; hepatitis C and renal transplantation 836
food allergy; intestinal barrier in health and disease (Review) 479
free radicals
selectin on gastric microcirculation 47
usefulness of edaravone for liver injury 851
functional
dyspepsia; ^{13}C-urea breath test in 726
gastrointestinal disorder; Rome II criteria for 796
furazolidone-based regimen; for eradication of *Helicobacter pylori* 778

gallbladder
aspiration for acute cholecystitis in high-surgical-risk patients (Letter to the Editor) 463
cancer; in Pakistan 950
carcinoma 954
dysfunction in cholelithiasis 157
porcelain; mucinous adenocarcinoma of (Case Report) 995
gallstone; gallbladder
carcinoma 954
dysfunction in cholelithiasis 157
gamma
amino-butyric acid; in colonic neoplasms 1089
glutamyltransferase; albumin isoenzyme in hepatocellular carcinoma 288
glutamyl transpeptidase; obstetric cholestasis with elevated 1283
gastric
adenocarcinoma with Sister Mary Joseph's nodule successfully treated with combined chemoradiation (Letter to the Editor) 114
cancer
CYP2E1 polymorphism and 1257
E-cadherin-catenin in precancerous lesions 534
carcinogenesis
inducible nitric oxide synthase expression in gastric mucosa by NaCl 1039
nitric oxide in *Helicobacter pylori*-induced apoptosis and its significance in (Editorial) 1227
carcinoma; primary small cell of the stomach (Case Report) 743
emptying
^{13}C-octanoic acid measured 41
Helicobacter pylori eradication on water gastric emptying in duodenal ulcer patients 1250
fundal varices, management of bleeding from (Letter to the Editor) 112
hemorrhage as a late complication of splenic artery aneurysm repair: a dramatic way to vent one's spleen (Letter to the Editor) 604
low-grade mucosa-associated lymphoid tissue; miniature ultrasound probe sonography in 162
metastases (Images of Interest) 343
mucosal damage; capsaicin-sensitive nerves exert protection 1188
ulcer
acid and somatostatin in 505
ecabet sodium for 1029
gastritis
chronic; tumor necrosis factor-related apoptosis-inducing ligand and its receptors in gastritis 763
effect of rabeprazole on *Helicobacter pylori* gastritis 787
radiation-induced, using argon plasma coagulation, endoscopic hemostasis for (Letter to the Editor) 1215
gastroenteritis, endemic; cost of community gastroenteritis 322
gastroenterology; calprotectin in (Review) 756
gastroesophageal
junction; lower esophagus in dyspeptic Iranian patients 315
reflux
characteristics of patients 172
cisapride for in children 196
disease; lower esophagus in dyspeptic Iranian patients 315
gastrointestinal
bleeding
iatrogenic (Images of Interest) 225

non-steroidal anti-inflammatory drug use and *Helicobacter pylori* in peptic ulcers 18
disorder, functional; Rome II criteria for 796
hormone; aquaporin-3 by vasoactive intestinal polypeptide 203
motility; novel shank-interacting protein in W/W^{v} mice 712
pathogenesis, tumor necrosis factor-related apoptosis-inducing ligand (TRAIL)ing (Editorial) 753
stromal tumor; exon 17 and 13 c-kit mutation in 147
gender difference; of survival in hepatocellular carcinoma 267
gene
antisense; transfection 296
expression profile; novel shank-interacting protein in W/W^{v} mice 712
polymorphisms, cytotoxic T lymphocyte antigen-4; susceptibility to primary biliary cirrhosis in Brazil 1061
therapy; human telomerase reverse transcriptase RNA expression in human hepatocellular carcinoma 1168
genetic
hemochromatosis with normal transferrin saturation in a man with cholangiocarcinoma and yellow nail syndrome (Letter to the Editor) 1221
susceptibility; to primary biliary cirrhosis in Brazil 1061
genetics; endothelial nitric oxide synthase in primary biliary cirrhosis 1150
genotype
Helicobacter pylori
in peptic ulcer and gastritis 1244
in upper abdominal pain 1018
*vac*A; *Helicobacter pylori* eradication and 190
germs in inflammatory bowel disease and how to fight them (Letter to the Editor) 115
giant hepatic hemangioma mimicking hepatocellular carcinoma (Letter to the Editor) 112
global view of irritable bowel syndrome (Editorial) 1007
glucocorticosteroid therapy, resistance to in inflammatory bowel disease (Editorial) 613
gross classification; gross appearance of hepatocellular carcinoma and E-cadherin 673
growth
factor, hepatoma-derived; in hepatocarcinogenesis 1293
-hormone secretagogue receptor, EM574, a motilide, has an orexigenic activity with affinity for (Letter to the Editor) 881
guidelines; primary care physicians' knowledge of *Helicobacter pylori* 512
gut
and liver, dual effect of lafutidine on (Editorial) 237
transit time; tropical sprue 540

health
care; Australian women living with hepatitis C virus 841
related quality of life; Australian women living with hepatitis C virus 841
heartburn; Rome II criteria for functional gastrointestinal disorder 796
heart-rage variability; autonomic nervous dysfunction in liver cirrhosis 651
heat-shock proteins; ethanol and oxidative stress 858
Helicobacter pylori
^{13}C-urea breath test
and anti-ulcer drug administration 168
detection of infection with 1237
in functional dyspepsia 726
acid and somatostatin in gastric ulcer 505
and aspirin and iron in the elderly 1024
and microcirculation (Review) 1010
and non-steroidal anti-inflammatory drug use and in peptic ulcers 18
apoptosis
antral, in *Helicobacter pylori* gastritis 498
-induced, and its significance in gastric carcinogenesis, nitric oxide in (Editorial) 1227
-associated iron-deficiency anemia 980
characteristics of reflux esophagitis patients 172
effect of rabeprazole on *Helicobacter pylori* gastritis 787
eradication
4- and 7-day in Iran 13
and *vac*A genotypes 190
furazolidone for 778
low dosage of rabeprazole in 783
water gastric emptying in duodenal ulcer patients 1250
genotypes in peptic ulcer and gastritis 1244
in upper abdominal pain 1018
lower esophagus in dyspeptic Iranian patients 315
miniature ultrasound probe sonography in gastric mucosa-associated lymphoid tissue lymphoma 162
non-invasive strategy for dyspeptics (Review) 359
primary care physicians' knowledge of 512
probiotic in clarithromycin-resistant 986
resistance to clarithromycin and metronidazole in Japan 1202
simple diagnosis for infection 1196
stool antigen test 26, 732
tumor necrosis factor-related apoptosis-inducing ligand and its receptors in chronic gastritis 763
hemangioma
giant hepatic mimicking hepatocellular carcinoma (Letter to the Editor) 112
hepatic; and hepatic adenoma and focal nodular hyperplasia may have common origin (Case Report) 227
of the liver, adenoma, and focal nodular hyperplasia, is there a common cause of? (Editorial) 357
hematoma, esophageal intramural (Images of Interest) 1319
hemochromatosis, genetic
successful response to alpha 2B interferon plus ribavirin associated with venesectomies in a patient with chronic hepatitis C (Letter to the Editor) 116
with normal transferrin saturation in a man with cholangiocarcinoma and yellow nail syndrome (Letter to the Editor) 1221
hemorrhage
cirrhosis and portal venous obstruction in children 185
gastric, as a late complication of splenic artery aneurysm repair (Letter to the Editor) 604
simplified acute physiology score 903
hemorrhagic telangiectasia, hereditary (Images of Interest) 601
hemostasis, endoscopic, for radiation-induced gastritis using argon plasma coagulation (Letter to the Editor) 1215

hepatic
adenoma; and focal nodular hyperplasia and hepatic hemangioma may have common origin (Case Report) 227
blood flow
lafutidine and 177
shunt obliteration and hepatic function 934
cyst; long-term results of multiple minocycline hydrochloride injections for 595
encephalopathy, subclinical; cerebral blood flow in liver disease 1162
fibrosis; inefficiency of pentoxifylline and interferon-alpha 437
function, preoperative; new preoperative asialoscintigraphy 99
hemangioma; and hepatic adenoma and focal nodular hyperplasia may have common origin (Case Report) 227
ischemia reperfusion injury
liver cirrhosis and 1071
(Review) 891
microcirculation; liver cirrhosis and ischemic-reperfusion injury 1071
neuropathy; peripheral, in liver cirrhosis 922
venous pressure gradient; Doppler ultrasonography in portal hypertension 424
hepatitis
A virus; seroepidemiology of in India 822
acupuncture as a risk factor for (Review) 1231
autoimmune
and liver function 371
associated with celiac disease in childhood: report of two cases 1324
epidemiology of autoimmune liver disease (Review) 1118
B
cholangiocarcinoma in liver cirrhosis 337
chronic; failure of vaccine in children with 218
e antigen
preventing perinatal transmission of virus 943
seroconversion; hepatitis flare and anti-virus therapy (Review) 246
surface antigen
a novel *pre*-S2 mutant 1129
preventing perinatal transmission of virus 943
vaccine
preventing perinatal transmission of virus 943
response, effect of children's age on (Letter to the Editor) 750
virus
a novel *pre*-S2 mutant 1129
hepatitis flare and anti-hepatitis B virus therapy (Review) 246
infection, chronic; increased CD8+ predicts response to treatment 645
liver pathology in hepatitis B 'x' transgenic mice 80
preventing perinatal transmission of 943
real-time detection direct test for 1264
X proteins and cyclin kinase inhibitor regulation 376
C
and renal transplantation 836
cholangiocellular cancer and (Images of Interest) 1317
chronic
24-h decline of serum virus RNA 404
and genetic hemochromatosis, successful response to alpha 2B interferon plus ribavirin associated with venesectomies in a patient with (Letter to the Editor) 116
associated with monoclonal gammopathy of undetermined significance (Case Report) 459
hyaluronic acid and fibrosis in 253
interferon-alpha for pediatric 411
virus
Australian women living with 841
binding of to human cell lines 74
chronic hepatitis C associated with monoclonal gammopathy of undetermined significance (Case Report) 459
dynamics; 24-h decline of serum hepatitis C virus RNA 404
infection, idiopathic thrombocytopenic purpura with acute (Letter to the Editor) 462
interferon therapy in 68
RNA
24-h decline of serum 404
interferon response to SEN virus 1144
Sjögren's syndrome and 258
transforming growth factor-beta in hepatitis C virus 393
transforming growth factor-beta 1 polymorphism and 1139
chronic, N-nitroso-fenfluramine hepatotoxicity resembling (Letter to the Editor) 999
flare; and anti-hepatitis B virus therapy (Review) 246
human leukocyte antigen-DRB1 and autoimmune hepatitis in Chinese 63
viral; transforming growth factor-beta 1 system in chronic liver disease 1302
hepatocarcinogenesis
computed tomography arterial portography and computed tomography hepatic arteriography of small hepatocellular carcinoma 1076
experimental; liver pathology in hepatitis B 'x' transgenic mice 80
loss of heterozygosity in chromosome 8p and 11p 430
hepatocellular carcinoma
adjuvant chemotherapy dose for resectable 450
albumin γ-glutamyltransferase isoenzyme in 288
antisense gene transfection 296
assessment of differentiation in 273
blood supply; computed tomography arterial portography and computed tomography hepatic arteriography of small 1076
CO-029 involvement in metastasis of 1309
collagen in 666
early; computed tomography arterial portography and computed tomography hepatic arteriography of small 1076
gender differences of survival in 267
giant hepatic hemangioma mimicking (Letter to the Editor) 112
hepatoma-derived growth factor in hepatocarcinogenesis 1293

in sustained responders of interferon-treated chronic hepatitis C (Editorial) 121
invasion of the gastrointestinal tract, octreotide for bleeding as a result of (Letter to the Editor) 231
loss of heterozygosity in chromosome 8p and 11p 430
oval cells in chronic liver injury (Review) 4
primary, superior diaphragmatic adenopathy from (Letter to the Editor) 352
sarcomatous 415
small; skip lymph node metastases from (Case Report) 345
hepatoma-derived growth factor; in hepatocarcinogenesis 1293
hepatotoxicity
N-nitroso-fenfluramine, resembling chronic hepatitis (Letter to the Editor) 999
severe, associated with Chinese diet product 'Onshidou-Genbi-Kounou' (Letter to the Editor) 354
hereditary hemorrhagic telangiectasia (Images of Interest) 601
hernia, hiatal; characteristics of reflux esophagitis patients 172
heterozygosity, loss of;
in Barrett's esophagus 683
in chromosome 8p and 11p 430
hiatal hernia; characteristics of reflux esophagitis patients 172
high-density lipoprotein cholesterol; *Helicobacter pylori* and pulse wave velocity 771
histamine H2 receptor antagonist; lafutidine and hepatic blood flow 177
histocompatibility antigen-identical twins, primary bile duct carcinoma in (Letter to the Editor) 469
histological differentiation; assessment of in hepatocellular carcinoma 273
histomorphometry; portal hypertensive colopathy 302
hormone, gastrointestinal; aquaporin-3 by vasoactive intestinal polypeptide 203
heat shock protein 70 and 110; and Bcl-2, differential expression of in colorectal cancer 690
HT-29; aquaporin-3 by vasoactive intestinal polypeptide 203
human
leukocyte antigen
class I; and proteasome in colon cancer 32
-DR; susceptibility to primary biliary cirrhosis in Brazil 1061
-DRB1; and autoimmune hepatitis in Chinese 63
oval cells in chronic liver injury (Review) 4
hyaluronic acid; and fibrosis in hepatitis C 253
hydrochloride, multiple minocycline; long-term results of injections for hepatic cyst 595
hydrocortisone in a patient with ulcerative colitis, acute pancreatitis due to (Letter to the Editor) 1110
hyperdynamic state; autonomic nervous dysfunction in liver cirrhosis 651
hyperlipidemia; fatty liver and metabolic diseases 588
hyperplasia
focal nodular
and hepatic adenoma and hepatic hemangioma may have common origin (Case Report) 227
and pseudotumor (Case Report) 1320
hyperplastic nodules in cirrhosis (Images of Interest) 599
hypertension
cirrhosis and portal venous obstruction in children 185
portal
arterioportal fistula causing (Images of Interest) 873
artificial neural network in predicting mortality of cirrhosis 1054
cirrhotic and erythropoietin 1156
Doppler ultrasonography in 424
hypertensive colopathy 302
hypoxia, tissue; hepatic reperfusion injury ethanol 211

iatrogenic gastrointestinal bleeding (Images of Interest) 225
iceA; *Helicobacter pylori* genotypes in peptic ulcer and gastritis 1244
idiopathic thrombocytopenic purpura with acute hepatitis C viral infection (Letter to the Editor) 462
ileum; aquaporin alteration after bowel resection 803
immune response; hepatitis flare and anti-hepatitis B virus therapy (Review) 246
immunoproteasomes; proteasome and human leukocyte antigen class I in colon cancer 32
immunoassay; stool antigen tests for *Helicobacter pylori* 26
immunoglobulin G, platelet-associated; thrombopoietin and hepatosplenic volume in liver diseases 638
immunoglobulins
increased CD8+ predicts response to treatment 645
preventing perinatal transmission of hepatitis B virus 943
immunohistochemistry
collagen in hepatocellular carcinoma 666
esophageal xanthoma (Case Report) 1105
rectal lymph node adhesion molecules 970
immunology; human leukocyte antigen-DRB1 and autoimmune hepatitis in Chinese 63
immunosuppressive therapy; autoimmune hepatitis and liver function 371
immunotolerant period; failure of vaccine in children with chronic hepatitis B 218
in situ hybridization; human telomerase reverse transcriptase RNA expression in human hepatocellular carcinoma 1168
in vitro binding; of hepatitis C virus to human cell lines 74
India, north; seroepidemiology of hepatitis A virus in 822
indocyanine green, intrinsic clearance of; shunt obliteration and hepatic function 934
inducible nitric oxide synthase deficient mice; expression in gastric mucosa by NaCl 1039
infection; acupuncture as a risk factor for hepatitis (Review) 1231
inflammation
acid and somatostatin in gastric ulcer 505
intestinal in tumor necrosis factor-alpha deficient mice 560
inflammatory bowel disease
germs in, and how to fight them (Letter to the Editor) 115
intestinal barrier in health and disease (Review) 479
resistance to glucocorticosteroid therapy in (Editorial) 613
smoking and ulcerative colitis 139
inflammatory pseudotumor of the liver (Images of Interest) 994

infliximab (anti-tumor necrosis factor-alpha monoclonal antibody), pregnancy and exposure to (Letter to the Editor) 465
infrared spectrometer; detection of *Helicobacter pylori* infection with ^{13}C-urea breath test 1237
injecting drug use; Australian women living with hepatitis C virus 841
injury
hepatic ischemia reperfusion (Review) 891
thermal; selectin on gastric microcirculation 47
insulin
-like growth factors-IR and -IIR; antisense gene transfection 296
resistance; non-alcoholic steatohepatitis in Asia–Pacific region (Okuda Lecture) 124
interferon
alpha
2B, plus ribavirin, successful response to, associated with venesectomies in a patient with chronic hepatitis C and genetic hemochromatosis (Letter to the Editor) 116
increased CD8+ predicts response to treatment 645
inefficiency of pentoxifylline and 437
gamma; pathogenesis of experimental colitis in mice 578
hepatitis flare and anti-hepatitis B virus therapy (Review) 246
in hepatitis C virus 68
therapy
24-h decline of serum hepatitis C virus RNA 404
for pediatric hepatitis C 411
response to SEN virus 1144
-treated chronic hepatitis C, hepatocellular carcinoma in sustained responders of (Editorial) 121
interleukin
-2
pathogenesis of experimental colitis in mice 578
receptor, soluble; immune function in acute pancreatitis 363
-4; pathogenesis of experimental colitis in mice 578
-12; pathogenesis of experimental colitis in mice 578
-18 transgenic mice; dextran sulfate sodium in 960
international unit; real-time detection direct test for hepatitis B virus 1264
interstitial
cells of Cajal; novel shank-interacting protein in W/W^{v} mice 712
laser therapy; thermal ablative therapy (Review) 616
intestinal
absorption; ileal bile acid 548
barrier; in health and disease (Review) 479
involvement, severe, in Wegener's granulomatosis (Letter to the Editor) 749
metaplasia
E-cadherin-catenin in gastric precancerous lesions 534
specialized; lower esophagus in dyspeptic Iranian patients 315
permeability; intestinal barrier in health and disease (Review) 479
intestine
inflammation in tumor necrosis factor-alpha deficient mice 560
small
alanyl-glutamine on rat intestinal damage 719
intestinal damage and irinotecan 1095
polyamine absorption in 554
intraductal papillary mucinous tumor in which endosonography-guided fine-needle aspiration biopsy caused dissemination 1323
intrahepatic
metastasis
CO-029 involvement in metastasis of hepatocellular carcinoma 1309
gross appearance of hepatocellular carcinoma and E-cadherin 673
resistance; shunt obliteration and hepatic function 934
intramural hematoma, esophageal (Images of Interest) 1319
intravital microscope; hepatic reperfusion injury ethanol 211
intrinsic clearance of indocyanine green; shunt obliteration and hepatic function 934
Iran; 4- and 7-day *Helicobacter pylori* eradication in 13
irinotecan; intestinal damage and 1095
iron
and aspirin and *Helicobacter pylori* in the elderly 1024
-deficiency anemia; *Helicobacter pylori*-associated 980
tablets, esophageal injury as a result of ingestion of (Letter to the Editor) 466
irritable bowel syndrome
abdominal distension in (Images of Interest) 107
global view (Editorial) 1007
Rome II criteria for functional gastrointestinal disorder 796
ischemia, hepatic; liver cirrhosis and ischemic-reperfusion injury 1071
ischemic
colitis, successful use of mesalamine in the treatment of chronic segmental lesion in a case of (Letter to the Editor) 882
preconditioning; hepatic ischemia reperfusion injury (Review) 891
isoenzymes; albumin γ-glutamyltransferase isoenzyme in hepatocellular carcinoma 288

Japanese population; transforming growth factor-beta 1 polymorphism and chronic hepatitis C virus 1139
jaundice
and abdominal pain, old man with (Images of Interest) 223
cirrhosis and portal venous obstruction in children 185
jejunum; enzyme examination of the small bowel 53
Jordan; gallbladder carcinoma 954
Journal of Gastroenterology and Hepatology Foundation, role of in expanding horizons for the Journal (Editorial) 235

kidney failure, chronic; hepatitis C and renal transplantation 836
K-*ras*; and p53 and microsatellite instability in gastric lymphomas 1047
Kupffer cells; hepatic ischemia reperfusion injury (Review) 891

lactase; enzyme examination of the small bowel 53
lactobacillus; probiotic in clarithromycin-resistant *Helicobacter pylori* 986

lactoferrin sequestration; *Helicobacter pylori*-associated iron-deficiency anemia 980
lactulose; intestinal barrier in health and disease (Review) 479
lafutidine
capsaicin-sensitive nerves exert protection 1188
dual effect of on the gut and liver (Editorial) 237
lamivudine
hepatitis flare and anti-hepatitis B virus therapy (Review) 246
increased CD8+ predicts response to treatment 645
lansoprazole
diarrhea associated with (Case Report) 602
urea breath test and anti-ulcer drug administration 168
laser therapy, interstitial; thermal ablative therapy (Review) 616
lesion
chronic segmental, successful use of mesalamine in the treatment of in a case of ischemic colitis (Letter to the Editor) 882
focal spared; focal nodular hyperplasia and pseudotumor (Case Report) 1320
leukocyte
effect of rabeprazole on *Helicobacter pylori* gastritis 787
Helicobacter pylori and microcirculation (Review) 1010
rolling of; selectin on gastric microcirculation 47
strip test, rapid; simple diagnosis for *Helicobacter pylori* infection 1196
Leukostix; simple diagnosis for *Helicobacter pylori* infection 1196
Levovist; contrast-enhanced sonography in liver 92
lichen planus; Sjögren's syndrome and hepatitis C virus 258
lifestyle changes; non-alcoholic steatohepatitis in Asia–Pacific region (Okuda Lecture) 124
ligand receptors, tumor necrosis factor-related apoptosis-inducing; in chronic gastritis 763
ligation, bile duct; inefficiency of pentoxifylline and interferon-alpha 437
lipid
composition; preparation of rat colonocyte apical membrane 809
island; esophageal xanthoma (Case Report) 1105
peroxidation; rodent model of non-alcoholic steatohepatitis 1272
lipopolysaccharide; biliary excretion of bile acids and organic anions 815
lithotripsy, extracorporeal shockwave; gallbladder dysfunction in cholelithiasis 157
liver
adenoma, focal nodular hyperplasia, and hemangioma of the, is there a common cause of? (Editorial) 357
and gut, dual effect of lafutidine on (Editorial) 237
and spleen, fat droplets around (Letter to the Editor) 1223
cirrhosis
albumin gamma-glutamyltransferase isoenzyme in hepatocellular carcinoma 288
and ischemic-reperfusion injury 1071
antibiotic resistance in peritonitis 927
autonomic nervous dysfunction in liver cirrhosis 651
cholangiocarcinoma in 337
collagen in hepatocellular carcinoma 666
Doppler ultrasonography in portal hypertension 424
elevation of serum 1315
peripheral neuropathy in 922
contrast-enhanced sonography in 92
disease
alcoholic; intestinal barrier in health and disease (Review) 479
and metabolic disorders, links between and what to do about them (Editorial) 1115
chronic
epidemiology of autoimmune liver disease (Review) 1118
transforming growth factor-B in hepatitis C virus 393
unrelated to a virus or alcohol, diabetic woman with (Images of Interest) 344
fatty; gene expression in steatosis and hepatitis C virus 386
metabolic; non-alcoholic steatohepatitis in Asia–Pacific region (Okuda Lecture) 124
hepatoprotectant use in Taiwan 868
ethanol and oxidative stress 858
function; autoimmune hepatitis and 371
human telomerase reverse transcriptase RNA expression in human hepatocellular carcinoma 1168
inflammatory pseudotumor of the (Images of Interest) 994
injury
acute; usefulness of edaravone for 851
gene expression in steatosis and hepatitis C virus 386
oval cells in chronic (Review) 4
primary rabdomyosarcoma of (Images of Interest) 105
scintigraphy; para-esophageal collateral veins 309
somatostatinoma, primary (Letter to the Editor) 1218
steatosis; fatty liver and metabolic diseases 588
transplantation
artificial neural network in predicting mortality of cirrhosis 1054
successful living related, for adult Still's disease (Letter to the Editor) 1109
tumor, malignant; thermal ablative therapy (Review) 616
Wnt signaling in hepatocellular carcinoma 280
living related liver transplantation for adult Still's disease, successful (Letter to the Editor) 1109
loss of heterozygosity
in Barrett's esophagus 683
in chromosome 8p and 11p 430
luminal pH; inducible nitric oxide synthase expression in gastric mucosa by NaCl 1039
lymph node
metastases, skip; from a small hepatocellular carcinoma (Case Report) 345
rectum-associated; adhesion molecules 970
lymphocyte
cytotoxic T; hepatitis flare and anti-hepatitis B virus therapy (Review) 246
subsets; increased CD8+ predicts response to treatment 645
lymphoma
B-cell; p53, K-*ras* and microsatellite instability in gastric lymphomas 1047

primary small intestinal, without symptom diagnosed by colonoscopy (Letter to the Editor) 605
lymphoproliferative disorders; chronic hepatitis C associated with monoclonal gammopathy of undetermined significance (Case Report) 459

macrophage; dextran sulfate sodium in interleukin-18 transgenic mice 960
magnetic resonance imaging; assessment of differentiation in hepatocellular carcinoma 273
malabsorption syndrome; tropical sprue 540
Malaysian multiracial population; flat colonic adenomas in 701
malignant liver tumor; thermal ablative therapy (Review) 616
maltase; enzyme examination of the small bowel 53
management of bleeding from gastric fundal varices (Letter to the Editor) 112
mannitol; intestinal barrier in health and disease (Review) 479
markers, non-invasive; hyaluronic acid and fibrosis in hepatitis C 253
median survival; cholangiocarcinoma in liver cirrhosis 337
membrane, apical; preparation of rat colonocyte apical 809
Menetrier's disease; mucins in (Case Report) 876
mesalamine in the treatment of chronic segmental lesion in a case of ischemic colitis, successful use of (Letter to the Editor) 882
mesenteric
  cyst (Images of Interest) 993
  venous thrombosis (Images of Interest) 1209
meta-analysis; cisapride for gastroesophageal reflux in children 196
metabolic
  disorders and liver disease, links between and what to do about them (Editorial) 1115
  liver disease; non-alcoholic steatohepatitis in Asia–Pacific region (Okuda Lecture) 124
  syndrome; fatty liver and metabolic diseases 588
metachronous, synchronous and, colorectal cancers (Images of Interest) 457
metaplasia
  intestinal; E-cadherin-catenin in gastric precancerous lesions 534
  specialized intestinal; lower esophagus in dyspeptic Iranian patients 315
metastases
  gastric (Images of Interest) 343
  intrahepatic; CO-029 involvement in metastasis of hepatocellular carcinoma 1309
  lymph node; from a small hepatocellular carcinoma (Case Report) 345
metastasis, intrahepatic; gross appearance of hepatocellular carcinoma and E-cadherin 673
methionine; rodent model of non-alcoholic steatohepatitis 1272
metronidazole; and clarithromycin, *Helicobacter pylori* resistance to in Japan 1202
Mib1 (Ki67); sarcomatous hepatocellular carcinoma 415
mice
  fatty liver Shionogi; hepatoma-derived growth factor in hepatocarcinogenesis 1293
  inducible nitric oxide synthase deficient; expression in gastric mucosa by NaCl 1039
  interleukin-18 transgenic; dextran sulfate sodium in 960
  rodent model of non-alcoholic steatohepatitis 1272
microcirculation
  hepatic
    ischemia reperfusion injury (Review) 891
    liver cirrhosis and ischemic-reperfusion injury 1071
  Helicobacter pylori and (Review) 1010
microcirculatory disturbance; selectin on gastric microcirculation 47
microsatellite instability; and p53, K-*ras* in gastric lymphomas 1047
microscope
  charge-coupled device; liver cirrhosis and ischemic-reperfusion injury 1071
  intravital; hepatic reperfusion injury ethanol 211
microscopic colitis; diarrhea associated with lansoprazole (Case Report) 602
microwave coagulation therapy; thermal ablative therapy (Review) 616
miniature ultrasound probe; sonography in gastric mucosa-associated lymphoid tissue lymphoma 162
minocycline, hydrochloride; long-term results of multiple injections for hepatic cyst 595
mitochondria; rodent model of non-alcoholic steatohepatitis 1272
molecule, adhesion; selectin on gastric microcirculation 47
monoclonal gammopathy of undetermined significance; chronic hepatitis C associated with, of undetermined significance (Case Report) 459
motilide, EM574, has an orexigenic activity with affinity for growth-hormone secretagogue receptor (Letter to the Editor) 881
motilin; gut dysmotility in pancreatitis 57
motility, gastrointestinal; novel shank-interacting protein in W/W^v mice 712
mucin; in Menetrier's disease (Case Report) 876
mucinous adenocarcinoma; of the gallbladder (Case Report) 995
mucoprotective agent; ecabet sodium for gastric ulcer 1029
mucosa-associated lymphoid tissue lymphoma; miniature ultrasound probe sonography in gastric 162
mucosal damage, gastric; capsaicin-sensitive nerves exert protection 1188
mucositis; intestinal damage and irinotecan 1095
multidrug resistance protein 2; biliary excretion of bile acids and organic anions 815
multivariate analysis; characteristics of reflux esophagitis patients 172
mutation, exon 17 and 13 c-kit; in gastrointestinal stromal tumor 147

N-acetylcysteine in the treatment of non-alcoholic steatohepatitis (Letter to the Editor) 1220
NaCl; inducible nitric oxide synthase expression in gastric mucosa by 1039
national health program; hepatoprotectant use in Taiwan 868
neoplasm
  invasiveness; collagen in hepatocellular carcinoma 666
  Wnt signaling in hepatocellular carcinoma 280

neural network; artificial, in predicting mortality of cirrhosis 1054
neuroendocrine carcinoma; primary small cell carcinoma of the stomach (Case Report) 743
neuron, capsaicin-sensitive sensory; lafutidine and hepatic blood flow 177
neuropathy, hepatic; peripheral, in liver cirrhosis 922
neuropeptides; lafutidine and hepatic blood flow 177
neutrophil; hepatic ischemia reperfusion injury (Review) 891
nevus, blue rubber bleb, syndrome (Letter to the Editor) 1000
nitric oxide
antral apoptosis in *Helicobacter pylori* gastritis 498
erythropoietin and cirrhotic portal hypertension 1156
hepatic ischemia reperfusion injury (Review) 891
in *Helicobacter pylori*-induced apoptosis and its significance in gastric carcinogenesis (Editorial) 1227
synthase
endothelial; in primary biliary cirrhosis 1150
hepatic reperfusion injury ethanol 211
inducible; expression in gastric mucosa by NaCl 1039
N-nitroso-fenfluramine hepatotoxicity resembling chronic hepatitis (Letter to the Editor) 999
nodule
dysplastic
loss of heterozygosity in chromosome 8p and 11p 430
scirrhous 660
hyperplastic in cirrhosis (Images of Interest) 599
rectum-associated lymph; rectal lymph node adhesion molecules 970
non-alcoholic
fatty liver; and metabolic diseases 588
steatohepatitis
in Asia–Pacific region (Okuda Lecture) 124
N-acetylcysteine in the treatment of (Letter to the Editor) 1220
rodent model of 1272
non-invasive markers; hyaluronic acid and fibrosis in hepatitis C 253
non-steroidal anti-inflammatory drugs
and endothelial cells 1180
use and *Helicobacter pylori* in peptic ulcers 18
nuclear factor-κB; intestinal inflammation in tumor necrosis factor-alpha deficient mice 560

obesity; fatty liver and metabolic diseases 588
obstetric cholestasis; with elevated gamma glutamyl transpeptidase 1283
octreotide
chylous ascites and (Case Report) 1211
for bleeding as a result of hepatocellular carcinoma invasion of the gastrointestinal tract (Letter to the Editor) 231
old man with jaundice and abdominal pain (Images of Interest) 223
omeprazole
Helicobacter pylori eradication on water gastric emptying in duodenal ulcer patients 1250
or rabeprazole for gastric acid secretion 1034
on-demand therapy; omeprazole or rabeprazole for gastric acid secretion 1034
Onshidou-Genbi-Kounou, Chinese diet product, severe hepatotoxicity associated with (Letter to the Editor) 354
orexigenic activity, EM574, a motilide, has, with affinity for growth-hormone secretagogue receptor (Letter to the Editor) 881
organic anions; biliary excretion of bile acids and 815
outcome prediction; artificial neural network in predicting mortality of cirrhosis 1054
oval cell; in chronic liver injury (Review) 4
oxidative stress; ethanol and 858
oxygen radical; effect of rabeprazole on *Helicobacter pylori* gastritis 787

p21, p27; X proteins and cyclin kinase inhibitor regulation 376
p53; and K-*ras*, microsatellite instability in gastric lymphomas 1047
pacemaker-deficient mice; novel shank-interacting protein in W/W^{v} mice 712
pancrease; ethanol and oxidative stress 858
pancreatitis
acute
bacterial translocation in (Letter to the Editor) 1214
due to hydrocortisone in a patient with ulcerative colitis (Letter to the Editor) 1110
immune function in 363
in children 915
chronic; pancreatic ductal changes in alcoholic liver disease 1067
gut dysmotility in 57
pseudotumorous; with unique pancreatoscopic findings (Case Report) 108
pancreatoscopy; pseudotumorous pancreatitis with unique pancreatoscopic findings (Case Report) 108
parathyroid hormone-related peptide (Editorial) 1
pathogenesis
Helicobacter pylori and microcirculation (Review) 1010
transforming growth factor-B in hepatitis C virus 393
tumor necrosis factor-related apoptosis-inducing ligand (TRAIL)ing gastrointestinal (Editorial) 753
pentoxifylline; and interferon-alpha, inefficiency of 437
PepT1; alanyl-glutamine on rat intestinal damage 719
peptic ulcer
bleeding; endoscopic therapy for geriatric 521
non-invasive strategy for dyspeptics (Review) 359
non-steroidal anti-inflammatory drug
and endothelial cells 1180
and *Helicobacter pylori* 18
peptide
parathyroid hormone-related (Editorial) 1
transporter; transcriptional factors in rat jejunum 705
vasoactive intestinal; gut dysmotility in pancreatitis 57
pericellular type; scirrhous dysplastic nodule 660
perinatal care; preventing perinatal transmission of hepatitis B virus 943
peripheral neuropathy; in liver cirrhosis 922
peritonitis; antibiotic resistance in 927
permeability, intestinal; intestinal barrier in health and disease (Review) 479
peroral electronic pancreatoscope; pseudotumorous pancreatitis with unique pancreatoscopic findings (Case Report) 108

peroxidation, lipid; rodent model of non-alcoholic steatohepatitis 1272
pH
luminal; inducible nitric oxide synthase expression in gastric mucosa by NaCl 1039
monitoring; tolerance of famotidine and ranitidine 678
pharmacoepidemiology; hepatoprotectant use in Taiwan 868
plasma flow, renal; erythropoietin and cirrhotic portal hypertension 1156
platelet-associated immunoglobulin G; and thrombopoietin and hepatosplenic volume in liver diseases 638
platelets; *Helicobacter pylori* and microcirculation (Review) 1010
pleuropulmonary complications; esophageal variceal sclerotherapy 910
polyamine; absorption in small intestine 554
polyethylene glycol; preparation of rat colonocyte apical membrane 809
polymerase chain reaction; human leukocyte antigen-DRB1 and autoimmune hepatitis in Chinese 63
polymorphism
cytotoxic T lymphocyte antigen-4 gene; susceptibility to primary biliary cirrhosis in Brazil 1061
of transforming growth factor-beta 1, and chronic hepatitis C virus 1139
tumor necrosis factor alpha; susceptibility to primary biliary cirrhosis in Brazil 1061
polypeptide, vasoactive intestinal; aquaporin-3 by 203
polyposis, cap (Images of Interest) 741
population, Malaysian multiracial; flat colonic adenomas in Malaysia 701
porcelain gallbladder; mucinous adenocarcinoma of (Case Report) 995
porphyria, woman with acute intermittent (Images of Interest) 1101
portal
cirrhosis and portal venous obstruction in children 185
hypertension
arterioportal fistula causing (Images of Interest) 873
artificial neural network in predicting mortality of cirrhosis 1054
cirrhotic, and erythropoietin 1156
Doppler ultrasonography in 424
portal hypertensive colopathy 302
vein
cirrhosis and portal venous obstruction in children 185
thrombosis
cholangiocarcinoma in liver cirrhosis 337
chylous ascites and octreotide (Case Report) 1211
postoperative recurrence; gross appearance of hepatocellular carcinoma and E-cadherin 673
power Doppler ultrasonography; contrast-enhanced sonography in liver 92
preconditioning, ischemic; hepatic ischemia reperfusion injury (Review) 891
pregnancy and exposure to infliximab (anti-tumor necrosis factor-alpha monoclonal antibody) (Letter to the Editor) 465
preoperative hepatic function; new preoperative asialoscintigraphy 99
pre-S2 mutant; novel 1129
prevention; non-alcoholic steatohepatitis in Asia–Pacific region (Okuda Lecture) 124
primary
bile duct carcinoma in histocompatibility antigen-identical twins (Letter to the Editor) 469
biliary cirrhosis
endothelial nitric oxide synthase in 1150
epidemiology of autoimmune liver disease (Review) 1118
susceptibility to in Brazil 1061
care; physicians' knowledge of *Helicobacter pylori* 512
liver somatostatinoma (Letter to the Editor) 1218
rabdomyosarcoma of the liver (Images of Interest) 105
sclerosing cholangitis; epidemiology of autoimmune liver disease (Review) 1118
small intestinal lymphoma without symptom diagnosed by colonoscopy (Letter to the Editor) 605
probiotics; in clarithromycin-resistant *Helicobacter pylori* 986
progenitor; oval cells in chronic liver injury (Review) 4
prognostic factors; gallbladder cancer in Pakistan 950
progression; endothelial nitric oxide synthase in primary biliary cirrhosis 1150
prolidase; inefficiency of pentoxifylline and interferon-alpha 437
proliferation; oval cells in chronic liver injury (Review) 4
promoting effect; inducible nitric oxide synthase expression in gastric mucosa by NaCl 1039
prostaglandins; non-steroidal anti-inflammatory drugs and endothelial cells 1180
proteasome activator 28, subunits; and human leukocyte antigen class I in colon cancer 32
protective agent; hepatoprotectant use in Taiwan 868
protein
heat-shock; ethanol and oxidative stress 858
Shank-interacting; novel, in W/W^{V} mice 712
Smad; transforming growth factor-beta 1 system in chronic liver disease 1302
proton pump inhibitor
effect of rabeprazole on *Helicobacter pylori* gastritis 787
omeprazole or rabeprazole for gastric acid secretion 1034
pseudotumor
of the liver, inflammatory (Images of Interest) 994
focal nodular hyperplasia and (Case Report) 1320
pseudotumorous pancreatitis; with unique pancreatoscopic findings (Case Report) 108
pulmonary function tests; esophageal variceal sclerotherapy 910
pulse-wave velocity; *Helicobacter pylori* and 771

quality of life, health related; Australian women living with hepatitis C virus 841

rabdomyosarcoma, primary of the liver (Images of Interest) 105
rabeprazole
low dosage of in eradication 783
or omeprazole for gastric acid secretion 1034
radiation-induced gastritis using argon plasma coagulation, endoscopic hemostasis for (Letter to the Editor) 1215
radical, oxygen; effect of rabeprazole on *Helicobacter pylori* gastritis 787

radiofrequency ablation; thermal ablative therapy (Review) 616
ranitidine; tolerance of famotidine and 678
rapid leukocyte strip test; simple diagnosis for *Helicobacter pylori* infection 1196
rat
  inefficiency of pentoxifylline and interferon-alpha 437
  rectal lymph node adhesion molecules 970
  rodent model of non-alcoholic steatohepatitis 1272
reactive oxygen species; hepatic ischemia reperfusion injury (Review) 891
real-time direct test; for hepatitis B virus 1264
rebamipide; urea breath test and anti-ulcer drug administration 168
receptor
  asialoglycoprotein; new preoperative asialoscintigraphy 99
  soluble interleukin-2; immune function in acute pancreatitis 363
  transforming growth factor-beta 1 type II; transforming growth factor-beta 1 system in chronic liver disease 1302
rectum-associated lymph nodule; rectal lymph node adhesion molecules 970
recurrence, postoperative; gross appearance of hepatocellular carcinoma and E-cadherin 673
reflux
  esophagitis; characteristics of patients 172
  gastroesophageal; cisapride for in children 196
regeneration; oval cells in chronic liver injury (Review) 4
relapse; interferon therapy in hepatitis C virus 68
renal plasma flow; erythropoietin and cirrhotic portal hypertension 1156
resection
  endoscopic; outcome of early colorectal cancer 1175
  small bowel; aquaporin alteration after 803
resistance
  insulin; non-alcoholic steatohepatitis in Asia–Pacific region (Okuda Lecture) 124
  of *Helicobacter pylori* to clarithromycin and metronidazole in Japan 1202
  to glucocorticosteroid therapy in inflammatory bowel disease (Editorial) 613
response, successful to alpha 2B interferon plus ribavirin associated with venesectomies in a patient with chronic hepatitis C and genetic hemochromatosis (Letter to the Editor) 116
restitution; capsaicin-sensitive nerves exert protection 1188
reverse transcriptase–polymerase chain reaction; binding of hepatitis C virus to human cell lines 74
review, systematic; cisapride for gastroesophageal reflux in children 196
right-upper-quadrant pain (Images of Interest) 458
risk factors; endoscopic therapy for geriatric peptic ulcer 521
rodent; oval cells in chronic liver injury (Review) 4
rolling of leukocytes; selectin on gastric microcirculation 47
Rome II criteria; for functional gastrointestinal disorder 796
roxatidine; urea breath test and anti-ulcer drug administration 168

sarcomatous; hepatocellular carcinoma 415
scintigraphy
  ^{13}C-octanoic acid measured solid gastric emptying 41
  liver; para-esophageal collateral veins 309
  new preoperative asialoscintigraphy 99
scirrhous change; dysplastic nodule 660
sclerotherapy; esophageal variceal 910
screening
  flat colonic adenomas in Malaysia 701
  surveillance; gender differences of survival in hepatocellular carcinoma 267
selectin; on gastric microcirculation 47
sensory neuron, capsaicin-sensitive; lafutidine and hepatic blood flow 177
SEN-virus DNA; interferon response to 1144
sequence analysis; human leukocyte antigen-DRB1 and autoimmune hepatitis in Chinese 63
sequestration, lactoferrin; *Helicobacter pylori*-associated iron-deficiency anemia 980
seroconversion, hepatitis B e antigen; hepatitis flare and anti-hepatitis B virus therapy (Review) 246
serum
  albumin; autoimmune hepatitis and liver function 371
  nitrite concentration; antral apoptosis in *Helicobacter pylori* gastritis 498
severe intestinal involvement in Wegener's granulomatosis (Letter to the Editor) 749
sex; rodent model of non-alcoholic steatohepatitis 1272
Shank-interacting protein; novel, in W/W^{v} mice 712
shelf-life of decontaminated flexible colonoscopes, extending the (Letter to the Editor) 1004
shunt, spleno (gastro)-renal; obliteration and hepatic function 934
signal transduction; Wnt signaling in hepatocellular carcinoma 280
simplified acute physiology score II 903
Sister Mary Joseph's nodule, gastric adenocarcinoma with successfully treated with combined chemoradiation (Letter to the Editor) 114
Sjögren's syndrome; and hepatitis C virus 258
skip metastases; lymph node, from a small hepatocellular carcinoma (Case Report) 345
Sle^{x} analog; selectin on gastric microcirculation 47
Smad proteins; transforming growth factor-beta 1 system in chronic liver disease 1302
small
  bowel
    aspirate; tropical sprue 540
    resection; aquaporin alteration after 803
  cell carcinoma; primary, of the stomach (Case Report) 743
  intestine
    alanyl-glutamine on rat intestinal damage 719
    intestinal damage and irinotecan 1095
    polyamine absorption in 554
smoking; and ulcerative colitis 139
soluble
  CD4; immune function in acute pancreatitis 363

Fas antigen; immune function in acute pancreatitis 363
interleukin-2 receptor; immune function in acute pancreatitis 363
somatostatin; and acid in gastric ulcer 505
somatostatinoma, primary liver (Letter to the Editor) 1218
sonographic shadows, clear messages from? links between metabolic disorders and liver disease, and what to do about them (Editorial) 1115
specialized intestinal metaplasia; lower esophagus in dyspeptic Iranian patients 315
spectrometer, infrared; detection of *Helicobacter pylori* infection with ^{13}C-urea breath test 1237
spleen, fat droplets around the liver and (Letter to the Editor) 1223
splenic artery aneurysm repair, gastric hemorrhage as a late complication of (Letter to the Editor) 604
spleno (gastro)-renal shunt; shunt obliteration and hepatic function 934
splenomegaly; thrombopoietin, platelet-associated immunoglobulin G and hepatosplenic volume in liver diseases 638
sprue, tropical, what is? (Editorial) 887
steatohepatitis
fatty liver and metabolic diseases 588
non-alcoholic
in Asia–Pacific region (Okuda Lecture) 124
rodent model of 1272
steatosis
liver; fatty liver and metabolic diseases 588
usefulness of edaravone for liver injury 851
stellate type; scirrhous dysplastic nodule 660
stomach
mucins in Menetrier's disease (Case Report) 876
p53, K-*ras* and microsatellite instability in gastric lymphomas 1047
primary small cell carcinoma of (Case Report) 743
stone recurrence; gallbladder dysfunction in cholelithiasis 157
stool antigen, test; *Helicobacter pylori* 732
strain; rodent model of non-alcoholic steatohepatitis 1272
stromal tumor, gastrointestinal; exon 17 and 13 c-kit mutation in 147
subcutaneous abscess, aseptic, associated with ulcerative colitis (Letter to the Editor) 1214
subclinical hepatic encephalopathy; cerebral blood flow in liver disease 1162
successful response to alpha 2B interferon plus ribavirin associated with venesectomies in a patient with chronic hepatitis C and genetic hemochromatosis (Letter to the Editor) 116
sucralose; intestinal barrier in health and disease (Review) 479
sucrase; enzyme examination of the small bowel 53
sucrose; intestinal barrier in health and disease (Review) 479
superinfection; a novel *pre*-S2 mutant 1129
superior diaphragmatic adenopathy from primary hepatocellular carcinoma (Letter to the Editor) 352
surveillance; loss of heterozygosity in Barrett's esophagus 683
survey; primary care physicians' knowledge of *Helicobacter pylori* 512
survival
adjuvant chemotherapy dose for resectable hepatocellular carcinoma 450
analysis; hepatitis C and renal transplantation 836
gallbladder cancer in Pakistan 950
median; cholangiocarcinoma in liver cirrhosis 337
rate; gender differences of survival in hepatocellular carcinoma 267
symptoms; lower esophagus in dyspeptic Iranian patients 315
synchronous and metachronous colorectal cancers (Images of Interest) 457
systematic review; cisapride for gastroesophageal reflux in children 196

T helper 1–T helper 2 balance; differential expression of CC chemokine receptor 5 and chemoattractant receptor-homologous molecule expressed on T helper 2 cells 1081
T-cell, CD4+; immune function in acute pancreatitis 363
telangiectasia, hereditary hemorrhagic (Images of Interest) 601
tetraspanin; CO-029 involvement in metastasis of hepatocellular carcinoma 1309
therapeutics; 4- and 7-day *Helicobacter pylori* eradication in Iran 13
therapy
clarithromycin-based triple; *Helicobacter pylori* eradication and *vac*A genotypes 190
failure of vaccine in children with chronic hepatitis B 218
thermal
ablative therapy; (Review) 616
injury; selectin on gastric microcirculation 47
thrombocytopenia; thrombopoietin, platelet-associated immunoglobulin G and hepatosplenic volume in liver diseases 638
thrombopoietin; and platelet-associated immunoglobulin G and hepatosplenic volume in liver diseases 638
thrombosis
mesenteric venous (Images of Interest) 1209
portal vein
cholangiocarcinoma in liver cirrhosis 337
chylous ascites and octreotide (Case Report) 1211
tissue hypoxia; hepatic reperfusion injury ethanol 211
tolerance; of famotidine and ranitidine 678
tumor necrosis factor-related apoptosis-inducing ligand (TRAIL)ing gastrointestinal pathogenesis (Editorial) 753
transcription-mediated amplification-hybridization protection assay; real-time detection direct test for hepatitis B virus 1264
transduction, signal; Wnt signaling in hepatocellular carcinoma 280
transfection
binding of hepatitis C virus to human cell lines 74
CO-029 involvement in metastasis of hepatocellular carcinoma 1309
transforming growth factor beta
-1
polymorphism and chronic hepatitis C virus 1139
type II receptor; in chronic liver disease 1302

in hepatitis C virus 393
transgenesis; liver pathology in hepatitis B 'x' transgenic mice 80
transgenic mice, interleukin-18; dextran sulfate sodium in 960
transit time
colonic; gut dysmotility in pancreatitis 57
gut; tropical sprue 540
transplantation
kidney; hepatitis C and 836
liver; artificial neural network in predicting mortality of cirrhosis 1054
successful living related liver, for adult Still's disease (Letter to the Editor) 1109
transporter, peptide; transcriptional factors in rat jejunum 705
treatment
hyaluronic acid and fibrosis in hepatitis C 253
outcome of early colorectal cancer 1175
triple
assay; interferon therapy in hepatitis C virus 68
therapy, clarithromycin-based; *Helicobacter pylori* eradication and *vac*A genotypes 190
tropical
enteropathy; tropical sprue 540
sprue, what is? (Editorial) 887
tumor
colonic; gamma-amino-butyric acid in colonic neoplasms 1089
gastrointestinal stromal; exon 17 and 13 c-kit mutation in 147
intraductal papillary mucinous, in which endosonography-guided fine-needle aspiration biopsy caused dissemination 1323
malignant liver; thermal ablative therapy (Review) 616
progression; differential expression of heat shock protein 70, heat shock protein 110 and Bcl-2 in colorectal cancer 690
tumor necrosis factor
alpha
deficient mice; intestinal inflammation in 560
polymorphisms; susceptibility to primary biliary cirrhosis in Brazil 1061
susceptibility to primary biliary cirrhosis in Brazil 1061
hepatic ischemia reperfusion injury (Review) 891
-related apoptosis-inducing ligand receptors; in chronic gastritis 763
two-compartment model analysis; new preoperative asialoscintigraphy 99
type 2 diabetes; non-alcoholic steatohepatitis in Asia–Pacific region (Okuda Lecture) 124

ulcer
duodenal; *Helicobacter pylori* eradication on water gastric emptying in patients 1250
gastric
acid and somatostatin in 505
ecabet sodium for 1029
peptic
bleeding; endoscopic therapy for geriatric 521
non-invasive strategy for dyspeptics (Review) 359
non-steroidal anti-inflammatory drug use and endothelial cells 1180
and *Helicobacter pylori* in 18
ulcerative colitis
altered epimorphin in 570
acute pancreatitis due to hydrocortisone in a patient with (Letter to the Editor) 1110
aseptic subcutaneous abscess associated with (Letter to the Editor) 1214
differential expression of CC chemokine receptor 5 and chemoattractant receptor-homologous molecule expressed on T helper 2 cells 1081
smoking and 139
ultrasonography
Doppler
contrast-enhanced sonography in liver 92
focal nodular hyperplasia and pseudotumor (Case Report) 1320
in portal hypertension 424
miniature ultrasound probe sonography in gastric mucosa-associated lymphoid tissue lymphoma 162
ultrasound
endoscopic; para-esophageal collateral veins 309
probe, miniature; sonography in gastric mucosa-associated lymphoid tissue lymphoma 162
unit, international; real-time detection direct test for hepatitis B virus 1264
upregulation; transcriptional factors in rat jejunum 705
urban; increase in Crohn's disease in children 329
urea breath test; and anti-ulcer drug administration 168
ursodeoxycholic acid; obstetric cholestasis with elevated gamma glutamyl transpeptidase 1283

*vac*A genotypes; *Helicobacter pylori* eradication and 190
vaccination; seroepidemiology of hepatitis A virus in India 822
vaccine
failure of in children with chronic hepatitis B 218
hepatitis B; preventing perinatal transmission of 943
vacuolating cytotoxin; *Helicobacter pylori* genotypes in peptic ulcer and gastritis 1244
validation; Rome II criteria for functional gastrointestinal disorder 796
varices, esophageal
para-esophageal collateral veins 309
sclerotherapy 910
vasculopathy; portal hypertensive colopathy 302
vasoactive intestinal
peptide; gut dysmotility in pancreatitis 57
polypeptide; aquaporin-3 by 203
velocity, pulse-wave; *Helicobacter pylori* and 771
venesectomies in a patient with chronic hepatitis C and genetic hemochromatosis, successful response to alpha 2B interferon plus ribavirin associated with (Letter to the Editor) 116
venous thrombosis, mesenteric (Images of Interest) 1209
viral hepatitis; transforming growth factor-beta 1 system in chronic liver disease 1302

water
channel; aquaporin-3 by vasoactive intestinal polypeptide 203
transport; aquaporin alteration after bowel resection 803

Wegener's granulomatosis, severe intestinal involvement in (Letter to the Editor) 749
women's health; Australian women living with hepatitis C virus 841
World Health Organization standard hepatitis B virus DNA; real-time detection direct test for hepatitis B virus 1264
X protein; and cyclin kinase inhibitor regulation 376
xanthoma; esophageal xanthoma (Case Report) 1105

yellow nail syndrome and cholangiocarcinoma, genetic hemochromatosis with normal transferrin saturation in a man with (Letter to the Editor) 1221
